

## **2019 AGM Report Quebec Region**

Greetings from Quebec Region,

In early March, our region's executive held their 2018 year end meeting and presentation of all reports. The Financial report was read and accepted as presented. Our Membership report showed four (4) new members joining our Hong Kong family. All other reports on sales of our RRC in HK book and others were presented and accepted.

During the year, we send birthday greetings to our members and for the Holiday Season, greeting cards are also mailed to all our veterans and widows. With time, age and travel difficulties for many to attend meetings or reunions, we continue to keep all our members informed by sending a quarterly newsletter with local news and information. Thank you Phil Doddridge for your continued and appreciated participation with your news. We thank all members for choosing email listing to help us save money and we continue to publish the paper copy version for those who require it.

In June, with brief respectful ceremony, we held presentations of our HKVCA plaque to five (5) Royal Canadian Legion branches in the Gaspé District and one (1) at the Bay Chaleur Military Museum in New Richmond, QC. These plaques were greatly appreciated by all and many questions of interest were answered. All in all it was a very pleasant time. Other presentations are being planned for 2020.

Many members paid their respects to our veterans in November by laying wreaths, flowers or flags at grave sites or cenotaphs in their local area.

**WE WILL REMEMBER THEM!**

That will be it at this time. Take care.

Respectfully submitted by  
Lucette Mailloux Muir  
Director, Quebec Region
