

Greetings All

Our 2022 BC region report can be summed up as all is quiet on the Western front. There was little activity other than our usual November remembrance ceremonies for which we acknowledge and thank all who took the time to place a wreath on behalf of our organization and also in memory of their loved one who served in Hong Kong.

At this time I would like to salute our ten Hong Kong widows who are still going strong and we send them warm sentiments for a comfortable spring. May they be blessed with many happy visits from their friends and family members throughout this coming year.

They are always in our thoughts as are the two veterans we have lost in 2022 and most recently Sgt. George MacDonell, RRC, this past month.

We Will Remember Them

This completes my report thank you.

Gerry Tuppert
Director BC Region
